

Citation of the BIBB Follow-Up Survey on Personality Traits 2018

Any work that uses or refers to a data set provided by the BIBB-FDZ must contain one of the following citations in the bibliography or in a footnote. Please pay attention to the correct (used) data set version - recognizable by the last two digits of the DOI number. The DOI numbers of earlier dataset versions and their validity periods can be found on our website.

Additionally, we recommend citing the corresponding BIBB-FDZ data and method reports.
